1. Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

-The copy of the claims in the file is difficult to read. (i.e.-Should the application issue; the printer will be unable to discern what to print. A new, and clearer copy of the claims should be resubmitted for review by the examiner.)

2. Applicant's arguments with respect to claims of record have been considered but are moot in view of the new ground(s) of rejection.

3. Any inquiry concerning this communication should be directed to examiner

George A. Goudreau at telephone number (571)-272-1434.
